♦ STATE-REGISTERED BACKFLOW PREVENTION DEVICE TESTERS ♦

(The following list is current as of **(MAY 1, 2013)**.
It may not be all-inclusive. Not responsible for errors and/or omissions.)

Installation of a new plumbing system (i.e. landscape irrigation, fire suppression, commercial building, water well, etc.) or the modification of an existing one, which could constitute a cross-connection hazard, shall be equipped with a back-flow prevention device. The City of Brentwood requires that the property owner have this new device tested ("Initial Backflow Test") by a state-registered backflow prevention device tester. "Annual Test", thereafter, shall be conducted by a contractor hired by the City of Brentwood / Water and Wastewater Department. For more information, contact their office at (615) 371-0080 or visit their website at: http://www.brentwood-tn.org/water
