♦ INFORMATION REQUIRED ON A SITE PLAN

A site plan, drawn to scale that shows the following information shall be submitted to Planning Department staff for review and recommendation, prior to consideration by the Planning Commission.

- The current name, address and telephone number of the owner, and all persons having at least a five percent financial interest in the property, the developer and/or the applicant;
- Written authorization from the owner of the property (see Page 1 of this application);
- A location/vicinity map of the proposed site;
- The zoning classification of the site and the acreage involved;
- Topographic contours at a minimum of five (5) foot intervals;
- Floodplain information, per the Federal Emergency Management Agency's (FIRM) maps;
- A Grading, Erosion and sediment control plan;
- The location and dimension of all internal streets, internal traffic circulation patterns, sidewalks, proposed vehicle access points to public streets, off-street parking spaces, and loading areas, including required parking spaces requested for reduced parking approval, and solid waste disposal areas;
- Drainage calculations and stormwater management plan;
- A tree survey, identifying all existing trees equal to or greater than 4 caliper inches in diameter;
- A landscaping plan, stamped by a Landscape Architect, licensed to practice in Tennessee including calculations of green space areas, landscaping/screening features, type, number, caliper inches, and location of all existing and proposed plantings, buffer strips and provisions for agreements for the maintenance of the proposed green space. The plan must include a detail of the tree protection measures;
- The location and size of existing water & sewer lines, other underground utilities, storm drainage and all existing easements;
- A land use table outlining the proposed uses and overall densities;
- A development schedule that generally outlines the applicant's project construction and completion dates;
- All structures and accesses on adjacent properties within a 500 foot radius of the project site;
- A site plan showing the building footprint, the gross square footage, all applicable setbacks, color elevations, showing all dimensions, the exterior treatment of all proposed buildings, and samples of exterior building materials;
- The location and illumination patterns of all exterior lighting and sound impact from the land use, if applicable;
- The location of any proposed construction trailers;
- The plans must identify any designated historic or archeological sites on the affected property or within 500 feet of the boundary; specific design requirements affecting historic sites may be obtained from the Department of Planning & Codes;
- Significant natural and manmade features or resources, including hillsides in excess of 15% and above 25% slope;
- Any additional information the Planning Commission may require for promoting the health, safety and general welfare of the community, and
- Digital files in .jpg, .tif, or .pdf format of the entire submittal, and/or other significant features of the project for presentation to the Planning Commission. Color elevations shall also be included of all sides of the building.

THE ABOVE INFORMATION MUST BE INCLUDED AS PART OF THE INITIAL SUBMITTAL. ALL PROPOSED PROJECTS MUST MEET THE TECHNICAL REQUIREMENTS OF THE APPLICABLE ZONING DISTRICT AT THE TIME OF THE INITIAL SUBMITTAL. REFER TO THE APPLICABLE SECTION OF THE ZONING ORDINANCE OR MUNICIPAL CODE FOR MORE DETAILED INFORMATION.
