◆ Security Criteria For Required Projects Improvements ◆

The City requires that all required project improvements be secured using Irrevocable Standby Letters of Credit or Cashier's Checks only. This requirement is in accordance with the Brentwood Subdivision Regulations.

Note: The City must be able to complete draws on the letter of credit, if necessary at a local branch of the issuing bank.

The term (expiration date) of all Letters of Credit shall be for a minimum period of two years from the original date of issuance. All Letters of Credit shall include an automatic renewal clause that provides at least 60 days advance notice of any decision not to extend the document's expiration date. The expiration date shall not be shown as being on a weekend day. The documents shall be renewed annually until all required work is completed within the project.

All documents accepted as security for subdivision improvements must be issued by a financial institution that has an "A" or "B" rating from the latest "LACE Quarterly Financial Institution Ratings." The financial institution issuing the security must also have a branch within the State of Tennessee and be within a distance of 100 miles of the City of Brentwood.
